Sara Lee Corporation (SLE) announced a 1-for-5 reverse stock split and a distribution of CoffeeCo Common Stock to SLE shareholders. The distribution of CoffeeCo Common Shares was effective on a 1 for 1 basis on pre-reverse split SLE shares. The distribution and reverse split were effective on June 28, 2012. At that time, Sara Lee Corporation (SLE) changed its name and trading symbol to Hillshire Brands Company (HSH). Additionally, immediately following the distribution of CoffeeCo Common Stock, CoffeeCo paid a $3.00 special dividend to CoffeeCo Shareholders and then subsequently merged with a subsidiary of D.E Master Blenders 1753 N.V., which trades on the NYSE Euronext Amsterdam. Thus, as a result of the distribution and merger, each pre-split SLE shareholder received 1 D.E Master Blenders 1753 N.V. (DE) Ordinary Share per SLE share plus a $3.00 dividend.

The record date for the distribution of CoffeeCo Shares was June 14, 2012; the mail date was June 28, 2012.

NOTE: D.E Master Blenders 1753 N.V. (DE) began trading on the NYSE Euronext Amsterdam Exchange on a when issued basis on June 12, 2012, and on a regular way basis on July 9, 2012. The Securities Committee determined that a U.S. Dollar cash value equivalent for the DE shares will be determined and included in the adjusted HSH1 deliverable as a fixed cash component. The U.S. Dollar cash value equivalent for the DE shares will also be included in the adjusted HSH2C and HSH2D deliverables as a fixed cash component.

The U.S. Dollar cash value equivalent has been calculated as $1,228.81 per contract and was determined by averaging the daily U.S Dollar value of the when-issued closing prices of D.E Master Blenders 1753 N.V. (DE) from July 4, 5, and 6, 2012. In determining this value, each of the DE closing prices on NYSE Euronext Amsterdam of 9.8 Euros (July 4), 10 Euros (July 5), and 9.8 Euros (July 6) was converted into U.S. Dollars using each day's Euro/$US reference rate as published by the European Central Bank (ECB). The average per contract amount was rounded to the nearest penny.

Adjusted HSH1/2HSH1 options and HSH2C/HSH2C futures will also require the delivery of $300.00 cash reflecting the aforementioned $3.00 special cash dividend.

Only settlement of the cash portion of HSH1/2HSH1 options exercise/assignment activity was subject to delayed settlement. Now that the exact cash amount has been determined, OCC will require Put exercisers and Call assignees, during the period of June 29, 2012 through July 9, 2012, to deliver the appropriate cash amount.
