SUBJECT: NEW YORK REIT, INC. – LIQUIDATION/CASH SETTLEMENT
OPTION SYMBOL: NYRT
DATE: 11/8/18

On September 7, 2018, Shareholders of New York REIT, Inc. (NYRT) approved the proposed conversion of NYRT from a Maryland corporation to a Delaware limited liability company to be known as New York REIT Liquidating LLC. The conversion, which is part of a process of completing a Plan of Liquidation and Dissolution previously approved by NYRT stockholders, became effective on November 7, 2018. The last day of trading for NYRT Shares on NYSE was November 2, 2018, and trading was suspended before the open on November 5, 2018.

After the close on November 7, 2018, per the terms of the conversion, each NYRT Common Share was converted into the right to receive one unit of common membership interest in the LLC ("Unit"). The Units will not be transferable, except by will, intestate succession or operation of law, and will not trade on any exchange. Although it is anticipated that cash distributions will be paid to Unit holders, the amount and timing of any such distributions are currently unknown. Investors should refer to the NYRT press release dated November 7, 2018.

Contract Adjustment Determination

Due to the Units' lack of transferability, an adjustment panel of the Securities Committee has determined that, pursuant to Article VI, Section 11A of the OCC By-Laws, a cash value equivalent will be determined for the distribution of Units. Consequently, the NYRT option deliverable will be converted into the cash equivalent of 100 Units.

The value of the Units distribution has been calculated by taking the average of the high and low trading prices for NYRT Shares on the last three days on which shares are traded on the NYSE, October 31, 2018, November 1, 2018, and November 2, 2018. (The cash value equivalent is being calculated in this manner because it is the same calculation which will be used by NYRT shareholders to value the Unit distribution for tax purposes.)

The average of the high (\$14.11) and Low (\$13.52) trading price from October 31, 2018, the high (\$14.30) and Low (\$13.86) trading price from November 1, 2018, and the high (\$14.26) and Low (\$13.97) trading price from November 2, 2018, is \$14.00 per NYRT share.

NOTE: The NYRT contract adjustment in response to the conversion of NYRT shares to Units will be final once the cash equivalent of the Unit is determined. No additional distributions will be made.

Contract Adjustment

The option symbol NYRT will not change.

DATE: November 8, 2018

NEW DELIVERABLE
PER CONTRACT: \$1,400.00 Cash (\$14.00 x 100)

NYRT options, which were subject to delayed settlement on November 7, 2018, are no longer subject to delayed settlement, effective November 8, 2018.

Settlement in NYRT options will take place through OCC's cash settlement system. Settlement will be accomplished by payment of the difference between the extended strike amount and the cash deliverable.
